THE COLLECT

O God, you declare your mighty power most chiefly in showing mercy and pity: mercifully grant to us such a measure of your grace, that we, running the way of your commandments, may receive your gracious promises, and be made partakers of your heavenly treasure; through Jesus Christ your Son our Lord, who is alive and reigns with you, in the unity of the Holy Spirit, one God, now and forever. Amen.

MEMORY VERSE

August 2017

"I have been crucified with Christ and I no longer live, but Christ lives in me. The life I now live in the body, I live by faith in the Son of God, who loved me and gave himself for me."

Gal 2: 20 (NIV)

THE
Meeting
 PLACE

The Key To Ageing And Living Without Disease

Most of us will die of some disease eventually. But a healthy life is achievable in which one lives productively for a very long disease-free period and only gets overtaken by disease at an old age for a very short period.

The magazine, National Geographic, found this to be a reality for many in cultures of longevity where certain common and simple habits of lifestyle determine long periods of good health in places as varied as Okinawa (Japan), Sardinia (Italy) and Loma Linda, a typical township in California, USA.

Just to talk about the medical studies, statistics and theory is one thing; but to have helped countless people in need to actually recover and continue in health without further relapse is what is crucial. Dr Clarence and May Ing will give you both the science and practices in relation to a wide range of lifestyle diseases prevalent in Singapore and developed countries. After the talk, you may just be motivated to incorporate these principles, or maybe some, into your lifestyle habits and reap the benefits. Come and listen, and learn!

Dr Clarence and May Ing reside in the USA, with medical qualifications from Loma Linda University. They are passing through Singapore, and will share their thoughts with you. Clarence is a Medical Doctor, Eye Surgeon, and specialist in Preventive Medicine. He and his wife, May, have a Masters of Public Health in Nutrition. She is a Registered Dietician Nutritionist.

They are good friends of our last guest speaker on neuroscience, Yip Kok Tho, as many of you will recall. We are indeed blessed by the Lord to have the Ings speak to us. Don't miss it. ***Please register as we do need to plan for catering.*** Over 40 members participated in our last talk!

This talk will be held on **19 September @ 2pm in Daniel Room**
