## Level 2: DEEPENING FAITH AND BEARING FRUITS

- Take Me Deeper:  
A Cry for Spiritual Formation

Spiritual formation is vital should we desire to grow strong in the Lord and to advance God's Kingdom, because each of us needs to grow in our being, before we can be more fruitful in our doing.

In these sessions, we discover and understand the purpose and process of spiritual formation, as well as practice the disciplines that would take us deeper in the Lord.

Come encounter our loving Father face to face in these sessions and let Him strengthen and equip us to be formed in the likeness of Christ, so that we will be ready for the Harvest that is upon us, to His praise and glory!

- A Study on the Book of  
2 Corinthians

Paul's second letter to the Corinthians offers insights into his life that few other books in the New Testament does. The letter also reveals the robust faith of the church in Corinth. It teaches us that the grace of God that enabled Paul and the church to overcome their sins and struggles, to move towards obedience to God, is the same grace that is also available to us today.

This module is suitable for everyone who desires to grow in faith, maturity and ministry.

THE  
*Meeting*  
 PLACE

***The Key To Ageing And Living Without Disease***

Most of us will die of some disease eventually. But a healthy life is achievable in which one lives productively for a very long disease-free period and only gets overtaken by disease at an old age for a very short period.

The magazine, National Geographic, found this to be a reality for many in cultures of longevity where certain common and simple habits of lifestyle determine long periods of good health in places as varied as Okinawa ( Japan), Sardinia ( Italy ) and Loma Linda, a typical township in California, USA.

Just to talk about the medical studies, statistics and theory is one thing; but to have helped countless people in need to actually recover and continue in health without further relapse is what is crucial. Dr Clarence and May Ing will give you both the science and practices in relation to a wide range of lifestyle diseases prevalent in Singapore and developed countries. After the talk, you may just be motivated to incorporate these principles, or maybe some, into your lifestyle habits and reap the benefits. Come and listen, and learn!

Dr Clarence and May Ing reside in the USA, with medical qualifications from Loma Linda University. They are passing through Singapore, and will share their thoughts with you. Clarence is a Medical Doctor, Eye Surgeon, and specialist in Preventive Medicine. He and his wife, May, have a Masters of Public Health in Nutrition. She is a Registered Dietician Nutritionist.

They are good friends of our last guest speaker on neuroscience, Yip Kok Tho, as many of you will recall. We are indeed blessed by the Lord to have the Ings speak to us. Don't miss it. ***Please register as we do need to plan for catering.*** Over 40 members participated in our last talk!

This talk will be held on **19 September @ 2pm in Daniel Room**
