THE COLLECT

Almighty God, you have made us for yourself, and our hearts are restless till they find their rest in you: pour your love into our hearts and draw us to yourself, and so bring us at last to your heavenly city where we shall see you face to face; through Jesus Christ your Son our Lord, who is alive and reigns with you, in the unity of the Holy Spirit, one God, now and forever. Amen.

Whole Life Inventory

Whole Life is a life-span approach to Christian discipleship. There are five key pillars that are important to discipleship for churches and families - Faith, Identity, Relationships, Sexuality, and Values.

From **15 October to 5 November**, St Hilda's Church will run a church-wide survey called *Whole Life Inventory* in partnership with Focus on the Family Singapore. This is a survey for churches to find out how individuals, couples, and families are faring in St Hilda's Church.

We believe that the Inventory will enable us to better understand the needs of our church and see how we can further effectively disciple our people.

As long as you are 13 years old (including Secondary 1 students) and above, and attends church services regularly at St Hilda's Church, you can participate in the *Whole Life Inventory*. It will take about 15 minutes to complete.

The *Whole Life Inventory* is anonymous and confidential. No personal names are required for your responses.

It is important that we participate in the Inventory in order for the leadership to have an accurate picture of the health of St Hilda's Church as a church family.

We will provide more details on how to take the Inventory later.

**NONE
SHOULD
PERISH**

1) Through the exposition of 2 Peter 3, we will lay before our members the urgency of proclaiming the Gospel with the sure hope of Christ's impending return.

2) There will be forums where returning missionaries will share their experience in the field, and participants can hear the latest development in the deaneries.

3) There will be workshops for retirees as well as youth and young adults seeking to dedicate some time to serve the Lord.

4) A special workshop on what the Lord is doing amongst our Abrahamic cousins (besides the Jews).

Synopsis of Plenary sessions

a. **GAME OVER!** (there is an end time, 2 Pet 3:3-7)

Bishop Kuan Kim Seng [Missions Director, Diocese of Singapore]

There is an End Time. Denial, ignorance, presumptuousness will not absorb the world from the day of reckoning. It will be a day of gladness for some and a day of despair for others.

b. **PROMISE KEPT!** (God's promise will be fulfilled because of who God is,
2 Pet 3:9-10)

Mission is God fulfilling His promises and especially His covenant. The world may face an end time, but God's promises remain unchanging.

c. **LOG ON!** (Be part of his holy faithful who hasten His coming, 2 Pet 3:11-12)
Bp Keith Andrews [Bishop of Diocese of Western Anglicans, Anglican Church of North America]

This is a session to challenge to His people to be holy and faithful in the light of end time (3:3-7) and God's faithfulness to His promise (9-10). This faithfulness includes the giving of ourselves to bring the gospel to the ends of the earth. As Matt 24:14 indicated, then the end shall come. The Lord shall return.

d. **HOME RUN!** (Be excited about the new heaven and the new earth,
2 Pet 3:13-15)

Bp Rennis Ponniah [Bishop of Singapore]

Mission moves towards the sure vision of the new heaven and the new earth. It is not an endeavour with an unsure outcome. It will be a great celebration of the Marriage Supper of the Lamb and His bride in that new heaven and the new earth.

e. **EMPOWER ME!**

Rev'd Chris Royer [Executive Director, Anglican Frontier Missions]

The final session is to call upon God to fill us with His Holy Spirit anew. The fulfillment of mission is impossible without the Holy Spirit. Mission is the outworking of His promises and through the Holy Spirit in the lives of His children and in this world.

"Heal me, O LORD, and I shall be healed"

Solutions To A Common Cause of Pain Relief

Joint pain is the most common form of arthritis, affecting millions of people worldwide. It occurs when the protective cartilage on the ends of your bones wears down over time. Although painful arthritis can damage any joint in your body, the disorder most commonly affects joints in your hands, knees, hips and spine. Pain symptoms can usually be effectively managed, although the underlying process cannot be reversed. Staying active, maintaining a healthy weight and other treatments may slow progression of the disease and help improve pain and joint function.

Speaker : Dr. Terence Tan MBBS, GDRM (Singapore)

As the principal doctor in charge of The Pain Relief Clinic, Dr Terence Tan's passion for pain relief grew out of personal experience. Having spent well over a decade treating patients suffering from pain, Dr Tan developed his special interest by introducing new non-invasive pain solutions and tissue repair technologies to Singapore. Dr Tan is one of the few doctors in Asia (outside Japan) combining multiple FDA approved and EU CE marked non-invasive pain treatments into comprehensive clinical practice. He frequently shares his expertise in seminars both locally and overseas.

Join us for an insightful talk on
pain relief on **10 Oct 2017 @**
2pm in Daniel Room.
